

Test Equipment Made Easy
CALIBRATION-SALES-RENTAL-ELECTRICAL SAFETY

Return Shipping Note

Customers are responsible for return shipment of all rental equipment. It is the customer's responsibility to insure the equipment for full replacement value, as well as adequately package items in suitable packing material to prevent damage.

All rental equipment should be returned to:

**JM Test Systems
Attn: Rental Returns
7323 Tom Dr.
Baton Rouge, LA 70806**

Take advantage of our "Early Bird Off Rent"!

When you are finished with your rental you can email JM Test at rentalreturn@jmtest.com and let us know that you are returning your equipment; you will then have (5) days to return the equipment at no additional charge to you. You can save money by shipping via ground service and not have to pay for the days the equipment is in transit back to JM!

If needed JM can also provide a return shipping label and schedule a pick up when you are finished with your rental, which will then be billed on your final invoice. You can request a return label up front when you rent your equipment, or contact us after your job is complete. For any return shipping request call us at 225-925-2029 and ask to speak to a rental representative.

Below are some companies you can use for your return shipping needs:

- FedEx (1-800-238-5355)
- FedEx Freight (1-800-845-4647 or 1-800-332-0807) For shipments in excess of 70 lbs.
- UPS (1-800-742-5877)
